

Beyond THE IEP

I CHANGE IEP OUTCOMES AFFIRMATIONS

I am an equal IEP Team Member. I have parent rights. I am an equal IEP team member.

I am committed to being calm and professional during the meeting as I know I have different avenues to pursue should I disagree with any meeting outcomes.

I am open to new type of supports and services for my child and I am thrilled to help the team problem solve creative solutions that positively impact my child.

I am so proud to be my child's parent and I am so excited to advocate for them during this meeting.

I give myself permission to be an active participant in the IEP meeting by voicing my opinion and asking questions.

I am just as worthy , deserving, and capable of being an equal IEP Team Member, as any other person at the meeting, and I prove that through my actions.

I have an appreciative and positive communication style which attracts amazing opportunities for my child.

I am (insert name) and my life is beautiful.

The IEP Meeting will be a huge success.

Thank you, Thank you, Thank you and so it is.

Backing you all the way beautiful. You got this. Melissa xx
